

*"I contacted the Office on Aging because of my mother's housing situation. She was facing eviction from her apartment due to my sister needing to move in with her to provide caregiving help. I was referred to the Office on Aging and was very glad I spoke with the Information Specialist. The referrals and assistance I was given remedied the housing issue and connected me to other community resources I never knew about. I will definitely be calling the Office on Aging the next time I need help with older adult resources." Kevin, Irvine*
